

TC TrustCenter and WoSign Cooperate to Resell TC Publisher ID for Symbian in China

Hamburg, Germany – August, 3rd 2007 – TC TrustCenter, a leading specialist in identity verification and security services, today announced the selection of WoSign, China's leading information security service provider, to be a Partner for issuing TC Publisher ID for Symbian in the fast-growing Chinese market.

TC TrustCenter announced it is joining the Symbian Platinum Partner Program as the new Certificate Authority for Symbian Signed on June 18, 2007. In order to provide local technical support and sales channels, TC TrustCenter selected WoSign as a Partner to provide Chinese proof document translation and vetting work, such as phone call verification, and to be a reseller for TC Publisher ID for Symbian in the Chinese market. WoSign will also provide related local language technical support.

“Our decision to choose WoSign as a Partner was based on three reasons,” said Dean Coclin, Managing Director, TC TrustCenter. “Firstly, WoSign has the full experience in reselling these Publisher IDs, both in technical support and marketing. Secondly, they have full experience in vetting identities in China while issuing their own brand certificates. Thirdly, we had worked with WoSign in the past reselling GeoTrust’s certificates and it was a great experience. We’re looking forward to another successful partnership”

“It is our honor to be a partner of TC TrustCenter for issuing TC Publisher ID for Symbian in the fast-growing Chinese market,” said Richard Wang, CEO, WoSign. “We will utilize our technical and marketing expertise to provide the best service and technical support to our Chinese customers in an effort to help them benefit from Symbian’s top technology in the mobile industry.”

About WoSign

WoSign, the leading information security service provider in China. Established in 2002 and located in Shenzhen, near Hong Kong, it is led by a world-class management team, overseen by an experienced and committed board of directors. The company's senior management represents individuals with deep Internet and communications expertise who have distinguished themselves over the past decades and who have education and work backgrounds in USA and UK. WoSign is the reseller of GeoTrust, Thawte and VeriSign since 2004, and launched its own brand digital certificate since 2006. For more information, please visit www.wosign.com.
